

ENVIRONMENTAL POLICY

Quest Specialty Chemicals, Inc. (Quest) and its business units are committed to develop, manufacture, and distribute products in a responsible manner that protects employees, neighbors, customers, and the environment. To meet these objectives, our environmental management systems are integrated into each of our strategic business units and our policy emphasizes our commitment to continuous improvement and sustainability.

- We are committed to develop, manufacture, and distribute products that are safe for their intended use, protective of the environment, and that can be reused, recycled, or disposed of safely, while best meeting the needs of our customers.
- We are committed to use developmental and manufacturing processes that do not adversely affect the environment, including developing and improving operations and technologies to minimize waste, prevent air, water, and other pollution, minimize health and safety risks, and dispose of waste safely and responsibly.
- We are committed to continuous improvement of our operations and operating systems to minimize our environmental impact and improve our environmental performance.
- We are committed to conserve natural resources, reducing pollution by recycling materials, and purchasing recycled products.
- We are committed to provide a framework within the organization to establish and review environmental objectives and targets.
- We are committed to comply with all applicable local, state and federal regulations, as well as other requirements to which the organization subscribes, that relate to the environment.
- We are committed to being an environmentally responsible neighbor in the communities where we operate. It is our duty to proactively reach out to local organizations to make a positive contribution to our surrounding community.
- We are committed to act promptly and responsibly to correct incidents or conditions that endanger the environment.

The organization shall ensure this policy is available to all employees working for or on the behalf of Quest Specialty Chemicals and its business units, as well as the public.
